To the Southern Fulton School District Community:

The following information is from the CDC website

<https://www.cdc.gov/coronavirus/2019-ncov/index.html> "When you can be around others" tab

**\*Had Covid-19 and had Symptoms\***

You can be around others after:

- 10 days since symptoms first appeared AND
- 24 hours with no fever without the use of fever-reducing medications AND
- other symptoms of Covid-19 are improving

**\*Had Covid-19 but had NO Symptoms\***

If you continue to have no symptoms, you can be with others after 10 days have passed since you had a positive test for Covid-19.

\*For anyone who has had close contact with someone with Covid-19 should stay home for 14 days after their last exposure to that person. However, anyone who has had close contact with someone with Covid-19 and who meets the following criteria does NOT need to stay home:

- Has Covid-19 illness within the previous 3 months AND
- Has recovered AND
- Remains without Covid-19 symptoms (for example, cough, shortness of breath)

+ Our staff member who tested positive worked at the elementary school. This staff member has had no contact with SF students or staff since 9/18/20 and had no contact with SF students or staff outside of the elementary school.

Please let me know if you have any questions or concerns.

Thank you.
