ALLEN MORTON
Board President

February 9, 2021

Dear Southern Fulton Families,

This letter serves as a reminder that the Pennsylvania Department of Education has approved 5 Flexible Instruction Days for the 2020-2021 school year. Flexible Instruction days allow us to continue with remote learning during a snow day or other emergency situation. Flexible Instruction days will count toward the total number of instruction days required by the Public School Code. Therefore, those days will not need to be made up.

If we need to close school due to inclement weather or other circumstances that warrant a closure, you will receive an All Call informing you as soon as the decision is made. Students will switch to remote learning in the same fashion that they have been doing during the recent school closure.

The use of flexible instruction days allows for continuity in education for our students during periods of inclement weather or other school emergencies. Please reach out to your child's building principal if you have any further questions or concerns.

Truly in education,

Dr. Tara Will
Superintendent
